

# ALLIED SOLUTIONS®

INDIA PRIVATE LIMITED

[www.amut.it](http://www.amut.it)

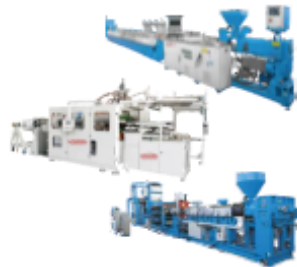

*Extrusion Thermoforming Recycling*

Extruders

Extrusion Lines for Pipes & Profiles

Extrusion Lines for Foils & Sheets

Recycling & Thermoforming Lines

[www.baugroup.com](http://www.baugroup.com)

*Gas Assist Systems*

Nitrogen Generators, High Pressure Compressors, Control Units and Accessories

[www.moreto.com](http://www.moreto.com)

*Plastics Automation*

Feeding, Dehumidifying, Silos and Temperature Control Systems

[www.krah.net](http://www.krah.net)

*Large Dia PE Piping Systems*

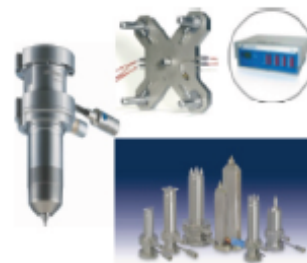

Machines for Manufacturing PE Pressure and Gravity pipes from 300mm - 4000mm diameter

[www.guenther-hotrunner.com](http://www.guenther-hotrunner.com)

*Hot Runner Systems*

Complete HRS Hot Halves Controllers for HRS

[www.riyang-welding.com](http://www.riyang-welding.com)

*Butt Fusion Welding Solutions*

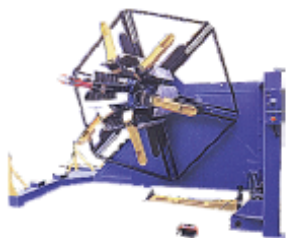

Complete range of HDPE Pipe Butt Fusion Welding Machines

[www.graewe.com](http://www.graewe.com)

*Extrusion Equipments*

Manufacturers of Down Stream Equipments for Extrusion Lines. Specialists in Automatic Pipe Coilers

[www.plasdan.pt](http://www.plasdan.pt)

*Fully Electric Multi-Shot Solutions*

Add-On Injection Units Add-On Locking Units Rotary Equipment

[www.zerma.com](http://www.zerma.com)

*Size Reduction Systems*

High quality size reduction machinery from Slow Speed to Heavy Duty Granulators, Shredders and Pulverizers

[www.next-machines.com](http://www.next-machines.com)

*Reconditioned Extrusion Lines*

First-class maintenance Quick availability Moderately priced Completely overhauled

[www.multitech-machinery.com](http://www.multitech-machinery.com)

*Vertical Injection Molding Machines*

Vertical Precision Injection Molding Machines Horizontal LRS Injection Molding Machines Multi-Color Injection Molding Machines

[www.hardenindustry.com](http://www.hardenindustry.com)

*Screws & Barrels*

*Belling Machines*

*Lab Equipments*

*Compounding Lines*

[www.canei.corp.com](http://www.canei.corp.com)

*Recycled Polymers*

Near Prime Recycled Material HD, PP & LD for Film, Blow Moulding Injection Moulding, Pipe & Raffia

*Blow Moulding Machines*

Moulding Machines with Capacities Ranging from 100 Ltrs to 2000 Ltrs

## TECHNICAL SERVICES

- Project & Process Consultancy
- Service Support
- Spare Parts
- Annual Maintenance Contract
